

DENALI

**PRODUCTS FOR
YOUR BUSINESS**

Managing your operation efficiently and cost-effectively has never been more challenging.

Now, in addition to the normal business issues you've traditionally encountered, you face the added pressure of operating more environmentally friendly.

Fortunately, you can turn to a strategic partner who can provide a full range of sustainably produced materials for use in your operation, including:

Animal feed

Mulch

Organic fertilizer

Soaps

Biofuel

Soils

Compost

Clean water

Lubricants

Electricity

SOLUTIONS FOR YOUR OPERATION

OUR SOLUTIONS INCLUDE:

Animal Feed created from recycled organic material collected from grocers, restaurants, brewers, and food manufacturing facilities

Biofuels such as biodiesel manufactured from animal fats and vegetable oil, and biogas developed in coordination with anaerobic digesters

Natural Fertilizers, including soil amendments created from food processing residuals and biosolids created from treated wastewater

Compost, Mulch and Soils created from recycled organic materials

Soaps and Lubricants created from recycled organic materials

Denali Corp., the nation's leading full-service organic recycling/repurposing company, offers solutions specifically designed for:

Municipalities

Farms

Builders/Landscapers

Lawn & Garden Centers

Transportation Providers

WHY DENALI?

With operations in the 48 contiguous United States plus Puerto Rico, we can easily service your operation on a regular schedule, ensuring your organic material does not accumulate and create an unpleasant experience for your clients and employees.

We take our role as environmental stewards seriously with regard to recycling organic byproducts and converting them into valuable end products. Regardless of the path this material takes — feed, fuel or fertilizer — we ensure it is managed to the highest standards, in compliance with all regulations, and is a quality product that is beneficial to the environment.

We take our role
as **environmental
stewards** seriously.

WHY DENALI?

In 2022, Denali recycled/repurposed
**3.7 million
pounds of
organic material
per day** — that's
the equivalent of filling
the Statue of Liberty
8 times.
